OUR SERVICES

Air Freight

Delta Freight offers International Air Freight Forwarding in the lanes connecting the major manufacturing markets of USA, Europe and Asia to the major consumption markets of Middle East, North Africa and India. Flexibility between standardized connections with fixed schedules and air charters are one of the prime advantages that **Delta Freight** Airfreight program brings forth.

The wide spread transportation and distribution network helps the customer to simplify their supply chain and significantly reduce freight shipment. The customer enjoy instant access to detailed shipment and transportation information: duties, export transactions, transportation costs, and important dates. Transportation and logistics technology implemented by SAL optimizes supply chain visibility, flexibility and profitability.

OUR SERVICES

Sea Freight

Delta Freight's comprehensive ocean freight program reaches major world markets with an emphasis on the traffic lanes connecting North America to Middle East, Asia and Europe.

This provides the clients with significant savings on landed costs, and options to choose from a large pool of weekly sailing sea carriers. **Delta Freight** offers just what you need – competitive rates, a choice of transit times and scheduled sailing options, with a full range of value-added services.

Land Freight

Delta Freight brings you multi-modal and specialty solutions throughout GCC countries and Indian Sub-continent to help your business succeed and grow. We're committed to making your Full-Truck-Load (FTL) and Less-than-Truck Load (LTL) deliveries go smoothly from pick-up to delivery. With our complete competitive portfolio of services—ocean, air, and road—UPS delivers what your business needs.
